

OUR MISSION

Provide our children with foundational instruction in life skills and academics. We will strive to nurture our students' confidence, independence, and critical thinking skills while simultaneously reinforcing our belief in God's calling for their lives. We have a passion for building an intentional community where lifelong friendships form among our families.

We desire to provide elective and enrichment-focused classes that supplement and support the core subjects taught in the home as our children grow and develop a deeper understanding of God's purpose for their lives.
