"The New Journey of the Little Prince" is a modern book inspired by the classic story The Little Prince. It is a continuation written by another author.

The book keeps the same spirit as the original story: it is simple, poetic, and full of symbolic meaning. The Little Prince learns new lessons about life and understands people and the world in a deeper way.

Students should already know the original story of The Little Prince before reading this book, because it continues and expands ideas and characters from it.

Nivel según el MCRL: **B1**

- **Uses clear and simple sentence structures, but with connected ideas.**

Participants are encouraged to obtain the books legally, either in print or digital format.
