Whitham Ave. Los Altos

DESCRIPTION

- Showcases a stunning front door design, combining aesthetic appeal and functionality.
- Unique door hardware with a magnetic latch, offering a sleek and modern feature.
- Exceptional attention to detail, highlighting the handles as a key design element.
- Perfect for homeowners looking for innovative and stylish door solutions.

Cowper St. Palo Alto

DESCRIPTION

- Precision craftsmanship with flush inset cabinetry as the focal point.
- Clean lines and tight reveals for a seamless finish.
- Custom doors, including the mudroom entrance, blend functionality with style.
- Elegant stone walls enhance the overall aesthetic.
- Tailored bathroom vanities add a touch of luxury.

S Park

I went to three different stores and two of them ignored me and the other was dismissive. Finally ended up at Pacific Doorcraft and was lucky to have Ivan help me design my front door. He was so patient and kept me updated in the whole process, even with the delays that are happening now a days. Just wanted to thank Ivan for making this door happen.

Yi-Hsuan Lee

Vince has been incredibly helpful and detail-oriented. With no prior experience, we had countless questions, and he patiently answered every one. He also noticed details we didn't even know to look for, saving us a lot of stress and trouble along the way. We can't recommend him highly enough!

**What our
customers
have to say**

Maureen Gatt

After receiving estimates and timelines from three contractors, I chose Pacific Doorcraft, and am very glad I did! We had a picture of the door we wanted, which was not standard. They were able to customize a door for us in a surprisingly short timeframe, less than the original estimate. The price was very fair, based on what I learned my research. They were very responsive to questions and kept me up-to-date on progress. I couldn't be happier with the results!

Marc Nelson

We reached out to Ivan at Pacific Doorcraft and he was a pleasure to work with. He knew the products and we ended up with solid core doors for only a bit more than the big box hollow core doors cost. The doors even came in ahead of schedule and were fantastic. The doors painted up great and they are solid core. The exterior doors even came with quality weather stripping and sweeps. Thank you Pacific Doorcraft!
