Dear Sergeant Graves

RE: Your Communication dated 22 July 2013  
YOUR REF: PC/0086/13

I am in receipt of your letter (dated 22 July 2013) which appears to have been quickly rushed and compiled in anticipation of mine dated 25<sup>th</sup> July 2013. **I am grateful for your eventual response to the IPCC direction, instructing you carry out a more thorough investigation into my complain**, even though I still consider your response time to the IPCC Ruling of 23 May 2013 as being excessively long and well over-due.

Now in your letter as referenced above, you ask that I contact you and further requested that I provide my supporting evidence along with the reply.

Fortunately, **as the level of my documented evidence against corrupted individuals within the Judiciary's HM Court Service is too great in volume and weight to casually relay over the phone or via correspondence through the post, as you seem to imply; an appointment time to meet with you at your office at your earliest convenience is sought.**

Therein the full details of the facts along with all supporting evidence can be formally relayed to you properly since you are the Investigating Officer charged with that responsibility.

Yours Accordingly,

A. Balogun
