Introduction

This document provides the number of candidates who have completed courses relating to the provider roles that we are recruiting for in 2025, along with the current number of existing providers. In the recruitment process we are looking for providers who can demonstrate that they have a marketplace for delivery, as you can see that the current market place is well supported by the existing provider team.

Performance Coach

Performance Coach tutors and assessors are managed at a UK level. In Scotland we have a team of x Assessors, x Mentors, x Coach developers and x Facilitators. Numbers are currently very small coming through, approx 1 or 2 assessed each year, with approx. x on the pathway. This is a UK based recruitment where we are looking to
