

Sprint Racing

Open Under 12 K1 Class 2025

In this class paddlers may compete in any type of K1 which meets the ICF standards, primarily being a maximum length of 5m 20cm. Suitable craft would therefore be any Mini K1(including Lightnings) or full size K1's.

Under 10 paddlers wishing to paddle a Mini or Full size K1 may do so in the Open U12 Class. At each regatta paddlers will only be eligible to participate in one class and their choice of class should be clearly identified on their entry form and recorded prior to the start of racing.

In terms of Sprint League points, paddlers in the U10 and U8 Lightning Classes will be permitted to score points in the Open U12 K1 class at one regatta and their appropriate Lightning class at another.

Crew boat races for the Under 12 age groups will continue to be for Mini K2's and Rocket K4's. Any U12 paddlers who wish to compete in full size crew boats should enter the U14 races.
