Reporting Pollution Incidents

Copyright Brian Yurasits

If you are suspicious about action in a river/loch which may be causing damage, or have seen something worthy of reporting such as a river that is choked and causing a build-up of pollution, then the best response is to contact the Scottish Environment Protection Agency (SEPA):

SEPA's Pollution Hotline number is: **0800 80 70 60**

SEPA's website, which can lead you to the contact details for all their area offices is: www.sepa.org.uk
