## Introduction

This document outlines the prerequisites for paddlesport leadership and coach awards. It is subject to change, therefore please ensure you check for the latest updates and version.

To obtain any of the following awards or qualifications you must ensure you have the right prerequisites. The following tables are a guide to assist you with this.

This is a guide, you should also **ensure your personal paddling and rescue skills are competent**. Training courses and modules (such as Paddlesport Safety & Rescue - PSRC, White Water Rescue - WWR, Navigation for Paddlers etc.) can assist you to learn, develop, and evidence this.

It is worth noting that simply because an award doesn't require something doesn't mean it couldn't be beneficial for your own personal and / or professional development.

## Instructor

The Instructor Awards are qualifications that prepare paddlers to teach and introduce beginners to paddlesports in a safe, fun, and supportive way.
