JARS and LIDS	Order Code	Product	Item Description	Specifications	RRP (ex GST)	Warranty	
ULTRA JAR™  NEW	The Blendtec Ultra™ jar represents a significant advancement in commercial blending technology, delivering smoother blends, improved ingredient circulation, quieter operation and greater consistency through its redesigned geometry and optimised flow dynamics. Unlike conventional jar designs that rely on ingredient tampering or extended blend times, the Ultra jar maximises blending efficiency, reduces waste and improves product quality across a wider range of recipes. ■ [important note] <i>To achieve these performance gains, it is essential that the blender's blend profiles are updated to the latest Ultra-optimised programming, ensuring the motor, blade dynamics and jar design work together as intended to deliver the full benefits of this innovative system. Ask our team how.</i>			max capacity 2.6L /88oz
