Commissioner Comments

Matt Long – 6:52:42 - Reminded everyone of the Budget Workshop on November 4th at 5pm with the second scheduled for November 18th at 5pm.

Reports

Manager Report
Public Works – Patrick Briegel – 6:53:50 - Bridge inspection today at France Road over Scott Run went well. We will be having a ribbon cutting for the new TLC pedestrian bridge scheduled for December 11th at 11am. Mountain View Park is officially closed for the season. Pat Commended Erica on doing a tremendous job on the events for the township. Erica updated everyone on the upcoming events and invited everyone to continue to participate. Natasha asked about the wire going along the wood at the TLC bridge going to the ball fields.

Zoning Report-SFM Consulting – 6:58 - 39 permits in the last two weeks have been issued. The ZHB hearing on the cell tower extension was granted a special exception with both variances. Natasha asked regarding the permits for the well waiver that was heard by the board a few week prior.

Fire Report – Corey Sayer – 7:00 - stated they had 172 calls for the third quarter of 2026 and went over the breakdown with the board.

Township Engineer Report- Jon Tresslar – 7:06 - just wrapping up inspections.

Township Solicitor Report-Leo V. DeVito. – 7:07 - a draft of the hunting park ordinance will be out to the board within the week. A request for an intermunicipal liquor license transfer has been received. 7:09 Natasha Leap made a motion, seconded by Charles Keppler, to authorize the solicitor to advertise for a hearing on an intermunicipal liquor license transfer for 2411 Route 611 Scotrun. All in favor. Motion carried.

Adjournment –Matt Long made a motion, seconded by Natasha Leap, to adjourn the meeting at 7:10p.m. All in favor. Motion carried.

SCOPE OF WORK

Pocono Township Administration Building 205 Old Mill Road Tannersville, PA. 18372

RE: Digital Monitoring Products Panic System for Administration building Option of the Dispatcher II Portable Security Panic System, Option to Provide Annual Tests and Inspections for Fire System.

ATTN: James Orefice IT Manager

I want to first thank you for this opportunity to provide our services for the Pocono Township Administration building. As per our meeting and discussions there are key goals that we wanted to accomplish.

1. Option -1-Furnish and install a Duress/Panic System for All Personnel within the administration building. There will be a total of Twenty-Seven Wireless zones with required Wireless Encrypted repeaters and receivers to a Central Host Communication Control Panel. All zones will be specific to the personnel location and will report to our Central Station as a Duress or Panic.

2. Option-2- Furnish and install a Dispatcher II Wireless Panic System with up to 32 Zones. 32 Wireless Panic Buttons Four Repeaters Includes Control Panel Wireless repeaters radio cable kit, included is a Communication panel to report to our Central Station This includes the setup to record messages, set up buttons to zones. The system will be made compatible with VHF, UHF, or 800MHZ radio system. This will include all messages indicating the location of the panic alarm which is very important.

The radio needs to be provided by Pocono Township. All messages will be recorder up to a total of thirty-two zones. This system design will incorporate and include the central station communication as a panic alarm as we discussed. With this dual system when a panic alarm is activated a message will be sent out to your radio system and our central station will also receive the emergency communication.

3. Provide a Quote for Pye Barker to perform NFPA Chapter 14 Testing and Inspection on the existing Simplex 4010 Fire System. James I did confirm the Simplex programming is proprietary and Pye Barker would not be able to access the Simplex Program. I am providing you with the Testing and Inspections Annual for our Fire Inspector to perform the tests.

4. With both of these program options, provide a Maintenance plan to check and test all the wireless panic buttons and replace any out of date batteries required.

Note: The wireless panic buttons have a Five Year shelf life again this can vary depending on the type of Panic buttons. I have included the Two Button version to prevent false activations and all buttons can either be attached under desks or tables with velcro or screws as needed. In order to activate and prevent false alarms both buttons must be pressed and held together to activate a panic alarm. With this type of button this prevents personnel from activating false panic alarms. Both options include a One Year Warranty on all Parts and Labor. The battery replacement will be on a per device replacement when required. The service plan provides the Annual Check and test and confirming all panic buttons are functioning properly. As I mentioned above these panic buttons have a Five Year Battery Shelf life.
The warranty plans would not take effect until the first year warranty has expired. With this plan the township can budget going into the second year.

We also spoke about the age of your existing Simplex Fire Alarm system and is there a Platform for Commercial Security, Fire and Access Control in one platform and the answer is yes. As we also discussed the section of the building where the Police Department will occupy will require Security.

The system design uses the same commercial listed panel as one stand alone system or as a Communication panel to be used for Option # 2 This platform panel is listed for Commercial Fire, with additional components added, Commercial Wireless Security spread spectrum frequency hopping wireless devices.

The Scope of this proposal is as follows:

Option #-1: Digital Monitoring Products Platform for Duress/Panic System:

James, here are the Panic Button locations that we Identified with our meeting and the survey:

Panic Button Zone Locations:

1. Main Tax Collector Office-Zone 1-Button.
2. Commissioners Meeting Room-Zone Zone 2-Two Buttons.
3. DPW Director Office-Zone 3-One Button.
4. Zones and Enforcement Zone 4-Two Buttons.
5. Township Managers Office Zone 5-One Button.
6. File Storage Room Zone 6-One Button.
7. Event Planning Office Zone 7-One Button.
8. Right To Know Office Zone 8-One Button.
9. Treasure r's Office Zone 9-One Button.
10. Payable Office Zone 10-One Button.
11. IT Office Zone 11-One Button.
12. Dispatching Office Zone 12-Office-One Button.
13. Main Reception Area Desks-Zone 13-Three Buttons.
14. Lunchroom, Fixed Counter-Zone 14-One Button.
15. Sewage Enforcement-DPW Office Zone 15-Two Buttons.
16. Gym Workout Room Phone Station Zone 16-One Button.
17. Community Room Main Desk Zone 17-Three Buttons.
18. Executive Session Room Zone 18-Two Buttons

Note: This was the group design we spoke about. I have included in both options to have individual panic zones without grouping zones together. The option # 1 includes a total of Twenty-Seven zones and the Option # 2 includes up to Thirty-Two zones. The Digital Monitoring platform can support up to Five-Hundred-Seventy-four zones of Access, Burglary and Fire. The option # 2 can only support up to Thirty-Two Zones before having to group together zones.

My recommendation is to install the Digital Monitoring platform that will support your security system needs now and in the future, and will also support the commercial fire system when needed. James with Virtual Keypad you will receive real-time notifications and alerts when an activation occurs.

Option # 1: Digital Monitoring Wireless Panic System.

Equipment and Investment Summary:

One (1) Digital Monitoring Products Commercial Access/Security/Fire Listed Panel Electrical Room.

SCOPE OF WORK

Four (4) Wireless Encrypted Repeaters, Near IT Closet, Sewage Enforcement Hall, Main Public Hallway, Outside Electrical Room Main Hall.
Two (2) Encrypted Wireless Receivers, One Outside Electrical Room Hall, One Main Hall Near Sewage Enforcement
One (1) 12V7AH Standby Battery for Control Panel.
Two (2) Request to Exit Motion Detectors above Main Door, Toddler Hall M-2
One (1) 32 Character Alpha Numeric Keypad
Twenty-Seven Wireless 2-Button Holdup/Panic Transmitters
One (1) DualSim Cellular Communicator
One (1) Install Digital Monitoring Products Panel in Electrical room will require 110Volt Outlet for Transformer, Install Keypad, Repeaters and receivers, program and set up the Twenty-Seven zones as per zoning plan.
Note: Repeaters will require 110Volt outlets for Repeater power supplies, If additional repeaters are deemed necessary will be addressed at that time on a change order.
Includes all Materials and Labor
One Year Warranty on Parts and Labor

Total Outright Purchase	$12,693.74

Monthly Investment: (Billed Annual).

Commercial Monitoring	$35.00 Per Month
Digital Monitoring Products Virtual Keypad Services	$10.00 Per Month
Cellular Monitoring	$20.00 Per Month
Maintenance Plan	$20.00 Per Month
Option- Fire Alarm System Test & Inspection, Annual	
Note: Simplex 4010 Programming is proprietary	
(Spreadsheet Attached)	$221.08 Per Month

In order to move forward our terms are half down and the balance upon completion.
Thank You for this opportunity I look forward to working with you at this new facility.

James I am sending another Proposal with the Dispatcher II system as described as Option # 2.
Any questions I can be reached at 610-564-0817 or email of carl.cramer@pyebarkerfs.com.
James, Thank You for all your assistance with this project and I look forward to your reply and I am confident this will meet the township needs.

Sincerely,

Carl J Cramer

Nationwide Service

Full-service and Local to You

Your local Pye-Barker branch can provide all the necessary fire, life safety and security services to protect your people and property.

Instead of juggling a dozen different vendors, count on Pye-Barker for continuity of service with the quality and craftmanship you've come to expect from us.

Your single source for:

- Fire Extinguishers
- Fire Sprinklers & Suppression
- Fire & Burglar Alarms
- Security Systems
- Kitchen Hood Cleaning
- Backflow Preventers
- Emergency Lighting
- Mass Notification
- Intrusion Detection
- Video Surveillance
- Access Control
- 24/7 Monitoring
- 24-Hour Emergency Service
- Code Compliance
- Safety Equipment
- Training

"I love working with everyone at Pye-Barker on our life safety needs. They are dependable and professional."

Pocono Township Administration Building 205 Old Mill Road Tannersville, PA. 18372

RE: Dispatcher II Portable Security Panic System with up to 32 Zones.

ATTN: James Orefice IT Manager

I want to first thank you for this opportunity to provide our services for the Pocono Township Administration building. As per our meeting and discussions there are key goals that we wanted to accomplish.

2. Option-2- Furnish and install a Dispatcher II Wireless Panic System with up to 32 Zones. 32 Wireless Panic Buttons Four Repeaters Includes Control Panel Wireless repeaters radio cable kit, included is a Communication panel to report to our Central Station This includes the setup to record messages, set up buttons to zones. The system will be made compatible with VHF, UHF, or 800MHZ radio system. This will include all messages indicating the location of the panic alarm which is very important.

The radio needs to be provided by Pocono Township. All messages will be recorder up to a total of thirty-two zones. This system design will incorporate and include the central station communication as a panic alarm as we discussed. With this dual system when a panic alarm is activated a message will be sent out to your radio system and our central station will also receive the emergency communication.

The battery replacement will be on a per device replacement when required. The service plan provides the Annual Check and test and confirming all panic buttons are functioning properly. As I mentioned above these panic buttons have a Five Year Battery Shelf life.
The warranty plan would not take effect until the first year warranty has expired. With this plan the township can budget going into the second year.

The system design uses the same commercial listed panel that was proposed in the Option #1. It will require a Communication panel for monitoring.This platform panel is listed for Commercial Fire, with additional components added, Commercial Wireless Security spread spectrum frequency hopping wireless devices.

The Scope of this proposal is as follows:

Option #-2: Dispatcher II Wireless Panic System with up to 32 Zones, Using Digital Monitoring Products Platform for Duress/Panic System:

James, here are the Panic Button locations that we Identified with our meeting and the survey:

Panic Button Zone Locations:

1. Main Tax Collector Office-Zone 1-Button.
Page One Equipment and Labor Summary:

2. Commissioners Meeting Room-Zone Zone 2-Two Buttons.
3. DPW Director Office-Zone 3-One Button.
4. Zones and Enforcement Zone 4-Two Buttons.
5. Township Managers Office Zone 5-One Button.
6. File Storage Room Zone 6-One Button.

7. Event Planning Office Zone 7-One Button.
8. Right To Know Office Zone 8-One Button.
9. Treasure r's Office Zone 9-One Button.
10. Payable Office Zone 10-One Button.
11. IT Office Zone 11-One Button.
12. Dispatching Office Zone 12-Office-One Button.
13. Main Reception Area Desks-Zone 13-Three Buttons.
14. Lunchroom, Fixed Counter-Zone 14-One Button.
15. Sewage Enforcement-DPW Office Zone 15-Two Buttons.
16. Gym Workout Room Phone Station Zone 16-One Button.
17. Community Room Main Desk Zone 17-Three Buttons.
18. Executive Session Room Zone 18-Two Buttons

Note: This was the group design we spoke about. I have included in both options to have individual panic zones without grouping zones together. The option # 1 includes a total of Twenty-Seven zones and the Option # 2 includes up to Thirty-Two zones. The Digital Monitoring platform can support up to Five-Hundred-Seventy-four zones of Access, Burglary and Fire. The option # 2 can only support up to Thirty-Two Zones before having to group together zones.

My recommendation is to install the Digital Monitoring platform that will support your security system needs now and in the future, and will also support the commercial fire system when needed. James with Virtual Keypad you will receive real-time notifications and alerts when an activation occurs.

Option # 2: Dispatcher II Wireless Panic System:

Equipment and Investment Summary:

One (1) Dispatcher II Wireless System Control Panel System includes 32 Wireless Panic Buttons, Two Sensor Repeaters and Radio Cable.
One (1) Digital Monitoring Products Commercial Access/Security/Fire Listed Panel Electrical Room.
Two (2) Additional Repeaters in these locations:
Four (4) Wireless Repeaters, Near IT Closet, Sewage Enforcement Hall, Main Public Hallway, Outside Electrical Room Main Hall.
Two (2) 12V7AH Standby Battery for Control Panels.
One (1) 32 Character Alpha Numeric Keypad
One (1) DualSim Cellular Communicator
Page Two: Equipment and Investment Summary Continued:

One (1) Install Digital Monitoring Products Panel in Electrical room will require 110Volt Outlet for Transformer, Install Keypad, Repeaters and receivers,Install Dispatcher II Control panel set up program and set up the zones as per zoning plan. Set Messages System includes built-in Text and email Module, Four Network Buttons (Computer Activated Icons.Support and software updates for the life of the system.
Includes Message to Broadcast and specific Zone.

Note: Repeaters will require 110Volt outlets for Repeater power supplies, If additional repeaters are deemed necessary will be addressed at that time on a change order.
Includes all Materials and Labor
One Year Warranty on Parts and Labor

Total Outright Purchase $45,671.65

Monthly Investment: (Billed Annual).

Commercial Monitoring	$35.00 Per Month
Digital Monitoring Products Virtual Keypad Services	$10.00 Per Month
Cellular Monitoring	$20.00 Per Month
Maintenance Plan	$40.00 Per Month

In order to move forward our terms are half down and the balance upon completion.
Thank You for this opportunity I look forward to working with you at this new facility.

James I am sending another Proposal with the Dispatcher II system as described as Option # 2.
Any questions I can be reached at 610-564-0817 or email of carl.cramer@pyebarkerfs.com.
James, Thank You for all your assistance with this project and I look forward to your reply and I am confident this will meet the township needs.

Sincerely,

Carl J Cramer
Senior Sales Consultant

Proposal # 10232026-3

Introduction

Eastern Time inc., a Division of Sciens Building Solutions (the "Company") understands the importance of properly maintaining and servicing the fire protection and life safety systems that have been installed in your facility. There is peace of mind knowing that these critical systems that protect both people and property will operate and function together when needed. The following proposal and Service Agreement (this "Agreement") has been prepared specifically for your facility to ensure that the inspection frequency and requirements described by the National Fire Protection Agency (NFPA) are being met. Additionally, we understand that the investments made in these systems and their longevity contribute to the success of achieving your facility goals.

Scope of Services

We will provide the following services based upon the service description below, and in accordance with the terms and conditions incorporated herein.

Service Description	Annual
Fire Alarm Inspection with Re-Tagging Field Devices with Monitoring Station	
Removal and Replacement of 1 smoke detector and 1 smoke detector base (this should auto program, if there is any additional programming required you will need to schedule JCI)	$4,525.00

EASTERN TIME

A DIVISION OF: sciens Building Solutions

Allentown PA 18109

Fire Alarm Testing & Inspection:

Sciens will perform fire alarm testing and inspection in accordance with NFPA 72, chapter 14 and local fire codes.

1. Fire alarm control unit/s shall be tested to verify that all functions are operational.
2. Load testing of system back-up batteries using a UL-listed battery load tester shall be performed.
3. Verify power connections, including batteries, are in working condition and free of damage and corrosion.
4. Verify remote annunciators are functional.
5. Verify auxiliary annunciation, such as printers or computer workstations are functional.
6. System smoke detectors/smoke detection systems shall be tested for proper operation.
7. System smoke detectors will be visually inspected for cleanliness and, when required, will be cleaned in accordance with the manufacturer's recommendations.
8. Manual fire alarm boxes will be tested for functionality, including proper activation of single and dual stage operations.
9. All system CO_2 detectors will be tested for functionality per manufacturer's recommendations.
10. Restorable heat detectors will be tested using an acceptable heat source.
11. Non-restorable heat detectors shall have the circuits tested by simulating its electrical operation at the wiring connection.
12. Notification appliances (audible & visual) shall be activated via an alarm device (smoke detector, pull station, etc.) to verify operation.
13. Power loss supervisory devices shall be tested via removal of power source from circuit.
14. Fixed extinguishing systems that are connected to fire alarm shall be tested to verify reporting to FACU (e.g., alarm, trouble, supervisory). Owner to coordinate the operation of the output contacts with other contracted vendors.
15. Remote supervising station monitoring will be verified to confirm appropriate activation and notifications; 90-second response.
16. Testing & inspections shall be scheduled for a date convenient for all parties.
17. Complete documentation of the fire alarm test and inspection shall be supplied upon completion.

746 Hanover Avenue
Allentown PA 18109

EASTERN TIME
A DIVISION OF: sciens Building Solutions

Term of Agreement

This Agreement will have an initial term of one (1) year from the date of service commencement (the "Initial Term") of 1 year and automatically renew for additional one (1) year periods (each, a "Renewal Term") beginning on the anniversary of the Initial Term, unless a party gives the other party written notice of its intent not to renew this Agreement at least thirty (30) days prior to the end of the Initial Term or the then-current Renewal Term (the Initial Term and any Renewal Terms, collectively, the "Term").

Clarifications

1. The Company shall visually inspect said installation(s) and shall promptly report to customer all conditions noted or observed during an inspection, which in the judgment of the Company, may be necessary and reasonable to ensure the highest degree of protection. However, as per NFPA 25, the Company is not responsible for confirming that the existing water supply satisfies the current system demand, nor that the system was designed and/or installed correctly at the time of installation. Maintenance or repairs of equipment described as deficient during the inspection are not included in this agreement and will be repaired or replaced under a separate contract. Any additional service work requested will be performed at standard day work published rates under a separate work order.
2. Unless otherwise specified, testing is limited to accessible devices, those where access can be obtained without restriction at the scheduled time of the test from floor level. If a return trip is required due to access challenges, it will be billed at our normal published rates under a separate work order.

Exclusions

1. Valve pit(s).
2. Equipment on city right of way.
3. Fire alarm system, suppression systems, fire extinguishers unless noted otherwise.
4. Private or public fire hydrants.
5. Confined space requirements as defined by OSHA.
6. Concealed spaces of any type.
7. Proper pitch of pipe.
8. Inspection and testing frequency requirements, as defined in applicable and adopted NFPA 25 standard, less than quarterly, and greater than annually.
9. Any area or condition not accessible to the Company during any inspection.
10. This Agreement for inspection of an existing fire protection system, excludes any recommendations for changes or additions to the system; and it is agreed that such services are beyond the scope of this Agreement.
11. Any additional services beyond our scope of work contained herein shall be subject to our current time and

746 Hanover Avenue
Allentown PA 18109

material hourly published rates.

Responsibility of the Owner, Manager, or Occupant

1. The responsibility for properly maintaining a water-based fire protection sprinkler system shall be that of the owner of the property. The owner, manager, or occupant shall promptly correct, or repair deficiencies, damaged parts, or impairments found while performing the inspection & testing of this system. Corrections and repairs shall be performed by qualified personnel or a qualified contractor.
2. Notify all parties that may be impacted by alarms initiated during tests. This may include parties such as the building occupants, the fire alarm system monitoring company, and the public fire service.
3. Implement required fire system impairment management program, including the completion of impairment permits and the notification of parties who should be made aware of fire system impairments. These parties may include the local fire department or insurance companies with insurable interests at the location.
4. Manage and dispose of any water released during tests.

Sciens Service Suite

Our comprehensive list of fire and life safety service offerings includes:

- Fire alarm & detection systems
- Fire sprinkler systems
- Fire suppression systems
- Access control systems, including software support
- ERCES/BDA
- Kitchen hood systems
- Fire extinguishers
- Emergency exit lights
- Central station monitoring
- Camera systems, including software support

THE APPLICANT HEREBY REQUESTS A PUBLIC HEARING BEFORE:

The Zoning Hearing Board (check all that apply):

_____ Appeal from a determination of a Municipal Official **(complete section 1 only)**

_____ Request for a Special Exception **(complete section 2 only)**

_____ Request for a Variance **(complete section 3 only)**

_____ Validity challenge to a land use ordinance **(complete section 4 only)**

The Board of Commissioners (choose one):

___X___ Request for **approval of application for EDR Liquor License and**

____X__ **Resolution of approval.**

Appeal involving TDU Licensing Ordinance **(complete section 6**

The UCC Board of Appeals:

_____ Appeal to UCC Board of Appeals **(complete section 7 only)**

1. Appeal of a determination of a Municipal Official:

a. The Municipal Official who made the determination from which this appeal is taken is:

_____ Zoning Officer _____ Municipal Engineer

b. Type of determination:

_____ Zoning Ordinance _____ Preliminary Opinion

_____ Floodplain Ordinance _____ Transfer of Development Rights

_____ Stormwater Management _____ Other (explain):_____

_____

c. Attach a complete copy of the determination in question.

d. Describe why you believe the determination is erroneous:_____

_____

_____

_____

2. Request for a Special Exception:

a. Type of use for which a Special Exception is requested:_____

b. The requested Special Exception is authorized by Chapter(s)_____

Section(s)_____ of the Pocono Township Code of Ordinances.

3. Request for a Variance:

a. Type of Variance sought: _____ dimensional variance _____ use variance

b. List the Section(s) of the Pocono Township Zoning Ordinance from which the Variance(s) is/are requested:_____

c. Describe the unnecessary hardship created by unique conditions of the property that justify the Variance:_____

_____

_____

d. Extent of Variance requested (*e.g., Ordinance requires X, Applicant requests Y*):_____

_____

_____

4. Validity challenge to a land use ordinance:

a. Ordinance(s) challenged:_____

b. Describe in detail the nature of the challenge (attach additional pages if necessary):_____

_____

_____

5. Request for a Conditional Use:

a. Type of use for which a Conditional Use is requested:_____

b. The requested Conditional Use is authorized by Chapter(s)_____ Section(s)_____ of the Pocono Township Code of Ordinances.

6. Appeal involving TDU Licensing Ordinance:

a. This appeal is from the Zoning Officer's or Code Officer's determination:

_____ to deny an application for a new TDU License

_____ to deny an application to renew a TDU License. Prior TDU License No._____

_____ to revoke a TDU License. Prior License No._____

_____appeal from violation of TDU Ordinance/License

b. Attach a complete copy of the determination in question.

c. Detailed reason or basis for the appeal:_____

_____

d. Relief sought:_____

7. UCC Board of Appeals:

a. What type of relief are you requesting?

_____ a variance _____ an extension of time _____ appeal of BCO's decision (attach a copy)

b. For an appeal of BCO's decision, which factor below best describes your contention:

_____ the true intent of the Act or Code was incorrectly interpreted

_____ the provisions of the Act do not apply

_____ an equivalent form of construction is to be used

c. For an appeal of BCO's decision, attach a complete copy of the decision in question.

d. State the specific section(s) of the Act or Code from which relief is being sought.

2027 DUES STATEMENT

Invoice Number: 27061

Pocono Township
112 Township Dr
Tannersville, PA 18372

The market value of your municipality for the most recent year available from the Pennsylvania State Tax Equalization Board is $1,543,186,821.

Per the schedule below, your dues are:	$ 3,237.51
Adjustment for rate of inflation:	$ 187.78
Plus 7.5% Legal Defense Fund Assessment:	$ 242.81
Conference Assessment:	$ 100.00
Total Due:	**$ 3,768.10**

Please make checks payable to PSATC
Please remit by ***December 31, 2026***
to
PSATC
414 North Second Street
Harrisburg, PA 17101

1. Member townships pay in accordance with the market value of their townships. The rate schedule is as follows:
   A. On the first $100 million of value - $6.60 per million or fraction.
   B. On the second $100 million of value - $5.50 per million or fraction.
   C. On the third $100 million of value - $4.40 per million of value or fraction.
   D. On the fourth $100 million of value - $3.30 per million or fraction.
   E. Townships that have a market value over $400 million - $1.10 per million or fraction.
2. In any case, the minimum dues shall not be less than $1,470 per year; and the maximum shall be no more than $3,870 per year.
3. An annual 7.5% surcharge for the Legal Defense Fund shall be assessed against all dues.
4. An annual inflationary adjustment shall be added based on the unadjusted CPI for April of the current year plus 2%, with a minimum of 4%.
5. An annual Conference assessment of $100.
