Event report on PERFUSE 2K25

Date: 09/05/2025

Venue: SRMIST seminar hall

Perfuse 2k25 was organised by the students of Department of Perfusion Technology in order to highlight the vital role of perfusionist in cardiac surgery and to bring awareness about the evolving trends in the field of cardiovascular healthcare. The event aimed to provide students with valuable insights from experienced professionals and to engage students with a series of fun filled educational co-curricular activities.

It was a full day event where the forenoon session was engaged with fun filled educational activities such as memory game, whisper game, blindfold art and flip the card, Students participated enthusiastically in those events and won exciting prizes. Afternoon session was a seminar session. A guest speaker and a special invitee was invited to give a lecture on that day. Mrs. Sunitha R, Assistant Professor, Sri Ramachandra Institute of Higher Education and Research was invited as guest speaker and she gave a talk on role of perfusionist in minimally invasive cardiac surgery where she covered cannulation strategies, myocardial protection and minimal tools which were very useful for the students.

Dr. R Ashwene, Assistant Professor, TMCHRC, Tiruchirappalli was invited as special invitee and she gave a talk on changing scenes in cardiac surgery - be a path breaker or path maker where she highlighted the do's and dont's in cardiac surgery and encouraged the students with her valuable points during the talk.

Conclusion: Perfuse 2k25 was a well-organized and informative event that successfully met its objectives. It created an excellent platform for our students to interact with professionals and understand real-world applications of their academic knowledge. The mix of academic lectures and engaging morning activities ensured holistic participation and a well-rounded experience for all attendees. We thank everyone for their active participation.
