

## **Report on World Oral Health Day 20-03-2025**

The Biochemistry club of the College of Allied Health Sciences (The Primordials), SRMIST, TRC and the Department of Dentistry (TSRMMCH&RC) jointly organised an oral health awareness and screening for the school children of ITMA in the Ayithampatty village, Musiri Taluk, Trichy, on account of the World Oral Health Day (20.03.25). The school correspondent welcomed the SRM Trichy campus team and the school students actively participated in the teeth brushing techniques and advice given by the Dentist. The AHS students also conducted various games for the school students and awarded the winners with prizes. The event was a grand success and culminated with token of appreciation momento for the school correspondent, staff and the dentist who brightened the day for the school kids
