

**📣 Guest Lecture on X-Ray and MRI Interpretation for Physiotherapy conditions Organized by SRM College of Physiotherapy, SRMIST, Tiruchirappalli campus.**

**📅 Date:** 11.11.2025

**🕒 Time:** 12:00 PM – 01:00 PM

**📍 Venue:** Tech Block I (3rd Floor)

As part of **World Radiography Day 2025**, the **SRM College of Physiotherapy, SRMIST, Tiruchirappalli**, proudly conducted a guest lecture on **“Interpretation of X-Ray and MRI.”**

The program was held under the esteemed guidance of the **Assistant Director – FMHS** and **Prof. Dr. V. P. R. Sivakumar, Dean, College of Physiotherapy.**

The session aimed to strengthen students’ and faculty members’ understanding of radiological assessments essential for physiotherapy practice.

**Ms. Sushmitha**, Lecturer, *SRM College of Allied Health Sciences*, delivered an insightful session on **MRI interpretation**, emphasizing the role of advanced imaging in musculoskeletal evaluation and clinical decision-making.

**Mr. Charan Kumar**, Lecturer, *SRM College of Allied Health Sciences*, presented a comprehensive session on **X-ray interpretation**, focusing on identifying key radiological markers and their significance in physiotherapy diagnosis.

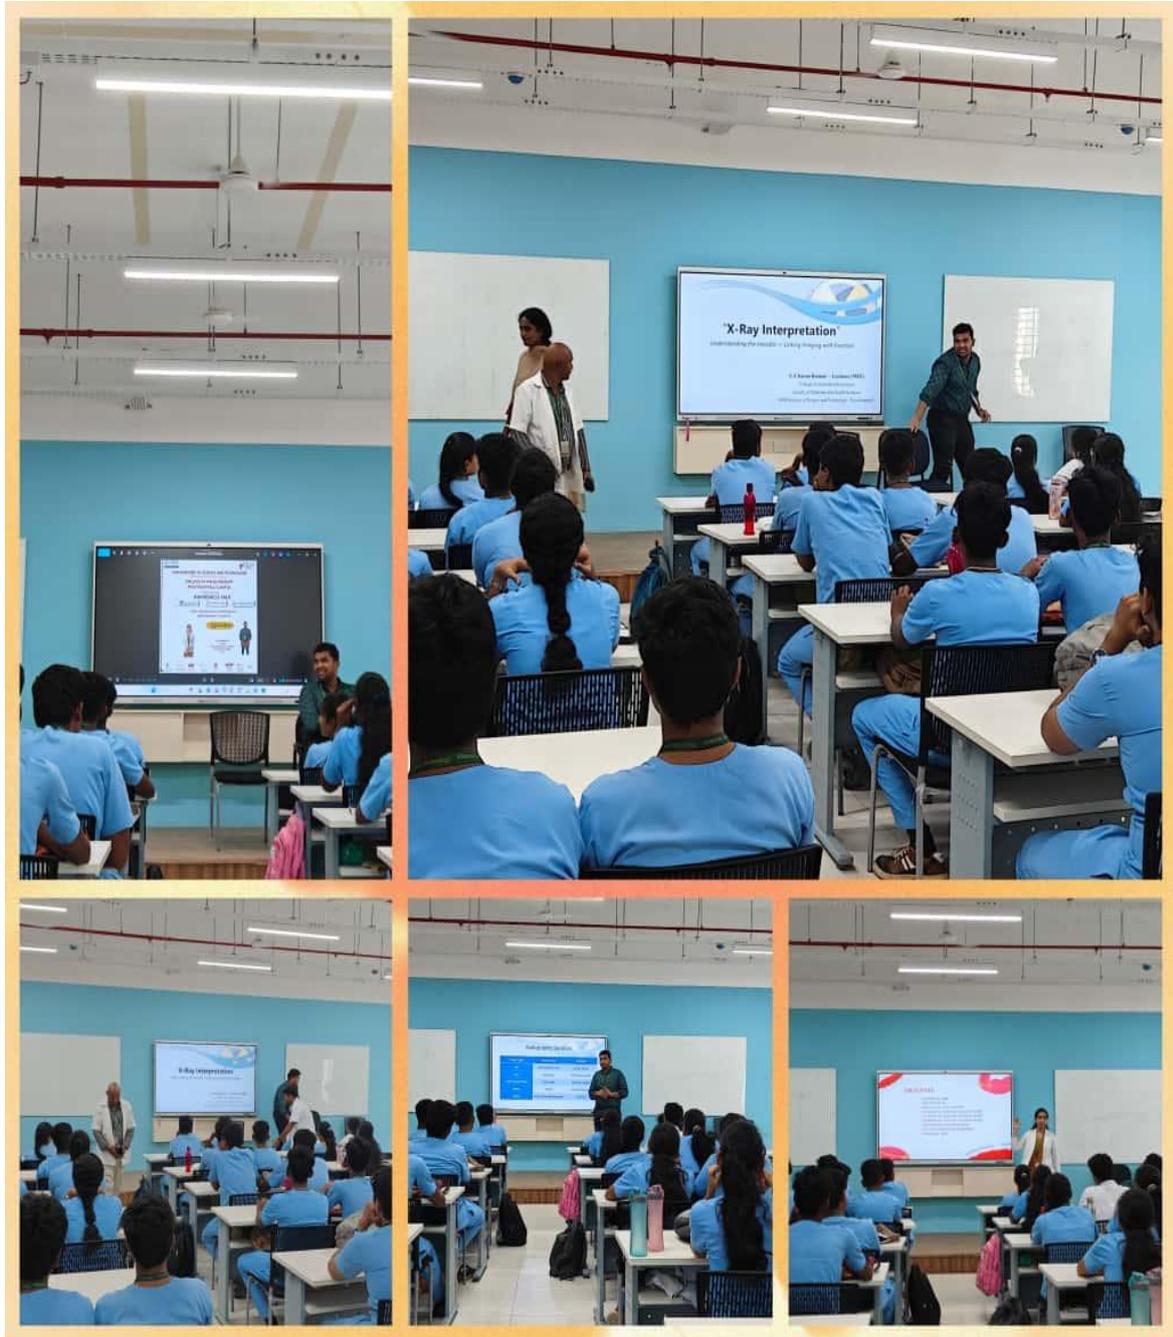

The event was highly informative and interactive, offering attendees enhanced knowledge in applying radiological findings to physiotherapy diagnosis and treatment planning.

**Following the session, a poster presentation was conducted for the BPT final-year students.**

Students participated with great enthusiasm, showcasing innovative posters related to radiographic evaluation and its applications in physiotherapy. Their active involvement reflected their understanding and interest in integrating imaging findings into clinical practice.

The program concluded with a vote of thanks, extending gratitude to the distinguished resource persons and all participants for contributing to the success of the session.

**Warm Regards,**  
*Team – College of Physiotherapy*  
**SRMIST, Tiruchirappalli**
