

Jordan Cowan

Jordan was born on October 28, 1996, and lived 26 years. Jordan believed in YKM from the very beginning. He enjoyed hearing the vision of the ministry and loved to participate in conversations about the direction the ministry was headed. Jordan contributed financially to Y-Knot Missions, but he was also a great friend and support to the founder of YKM, Christian.

Jordan's parents named Jordan from the Bible after the Jordan River. Over 2000 years ago, Jesus Christ was baptized in the Jordan River and that name, and that river has come to symbolize spiritual rebirth and salvation. In Hebrew the name Jordan means "to flow down". By the way that Jordan lived his life, his life has also become a symbol to the many lives that he touched of salvation and what it looked like to love others and to live with joy in very challenging circumstances. The story of his life and his choice to accept Christ as his Lord and Savior has "flowed down" to touch many other lives.
