

Universal Heated Hoses

Technical Data Sheet Digital Temperature Controller Single Zone

Part Number	TCR-170-DW
Power Supply	120 volt 50/60 HZ
Power Cord	Molded 8 foot length with 120 volt Plug
Power Switch	Rocker (Panel Mounted)
Output Power rating (Load)	10 Amps
Output indicator	Up and Down arrows on face of controller
Real time temperature Display of actual temperature	
Input sensor	100 Ohm RTD 2 wire
Hook up connector	9 pin pre wired connector (Series 170)
Temperature settings	50 to 450 Fahrenheit range is adjustable
Dimensions	W 4.5" x L 4.5" x 2.5" not including Flange Mount
Cycle Type	Solid State Logic
