BIANCA BLACK ART

# About The Artist

Bianca Black (b. 1972) is an emerging abstract artist based in Hoedspruit, South Africa. Her bold, playful paintings weave together colour, geometry, and layered texture with echoes of tribal patterns and African landscapes. Drawing on two decades in interior design, she translates her deep understanding of space, balance, and pattern into intuitive mark-making that feels both contemporary and primal.

Bianca Black's journey has come full circle - from a curious child drawn to creativity, to a structured career in interiors, and back again to a space of playful, instinctive expression. Deeply inspired by the African bush, her work layers bold colour, rich textures, and tribal echoes to celebrate freedom, storytelling and childlike curiosity. Each canvas is an invitation to see the world through wonder - raw, vibrant and alive.
