Last year, GCSCC provided 212,626 meals for older adults and adults with disabilities throughout Grafton County! Thanks to our team effort, we continue to serve more meals each year without putting anyone on a waiting list. We are grateful for all our employees, volunteers, participants, and community members who make this happen.

Over the past decade, the cost of living has increased by approximately 35%, and the cost of food, supplies, fuel, and wages have steadily risen, while our suggested meal donation has remained unchanged. To help sustain our program and continue providing nutritious meals, we are adjusting the suggested donation from \$3 to \$5 per meal. As always, all services are free of charge and donations are voluntary.
