**2/14/26 - Valentine's Day DID YOU KNOW:** Conversation hearts might be sweet and romantic now, but they actually began as medical lozenges. According to the 2013 book *Candy: A Century of Panic and Pleasure*, conversation hearts date back to 1847, when Boston pharmacist Oliver Chase invented a machine to simplify the production of apothecary lozenges, which were in high demand as a sore throat remedy at the time.
