

Community E-News January 2026

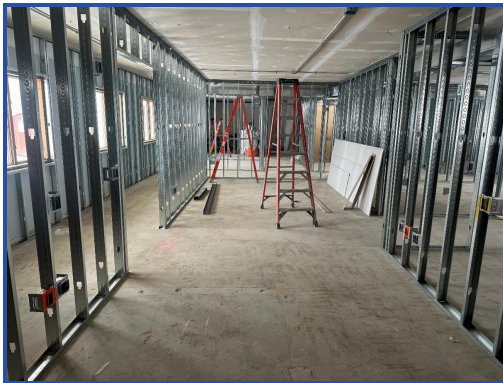

Police Department Renovation Update

The Police Department project is making steady progress, and all activities are on schedule. Recently, the crew has been working on the interior during cooler days to effectively manage resources and timelines. On warmer days, they have focused on constructing the outdoor front entrance canopy, taking advantage of the favorable weather.

The installation of metal wall studs has been completed over the past few weeks, laying the groundwork for the upcoming phases of construction.

A significant advancement was made with the installation of door frames in various areas of the building, enhancing the space's functionality.

The electrical team is diligently working in the interior sections, focusing on supplying low-voltage power to existing areas of the building, a crucial step for future operations.

We're excited to announce that purple drywall is being installed throughout the building! Although it may look a bit different at first, there's a good reason for this choice. This durable drywall is specifically designed for commercial hallways, meaning it will withstand the test of time and handle wear and tear effectively. Please note that this is not the final color of the walls, so stay tuned for updates on what's to come!

Overall, the project is moving forward effectively, with each phase executed methodically and with attention to detail, promising a successful completion.

Police Department Temporary Location

The police department may be working from a temporary location, but their dedication to outstanding service is unwavering! They are here to support our community and tackle any public safety issues. Don't hesitate to visit their temporary office anytime you need assistance or have questions – they're eager to help!

Police Department

Is closed while we improve our facility.
