■ Why Germany? Why Now?

Germany offers world-class, mostly **tuition-free higher education**, strong research traditions, and excellent career prospects in a labor market actively seeking international talent.

Alongside Austria and Switzerland, the German-speaking region stands out as one of **Europe's most attractive destinations for study, research, and future careers**.

At **Germany Calling**, we bring German and German-speaking partners from education, business, and industry directly to BSD – giving families, students, and young professionals reliable insights and practical information about **how to study, work, and live in Germany**.

■ Why at Deutsche Schule Jakarta?

DSJ is the only school in Indonesia offering the **Deutsches Internationales Abitur (DIA)** – the official German university entrance qualification. Graduating from DSJ allows non-German students to enter German universities directly without the mandatory Studienkolleg. If you dream of sending your child to study abroad, DSJ provides a unique German education pathway – **opening doors to universities in Germany, Europe, and worldwide**.

Discover how DSJ prepares children dearly for global futures through multilingual, academic excellence, and personal independence.

■ Who Should Attend?

- ▶ **Families with children aged 1,5–12** who are looking for a high quality, international education
- ▶ **Students considering study abroad**, especially in Europe
- ▶ **University students & young professionals** planning careers in Germany
- ▶ **German-speaking expat community** looking for networking
- ▶ **European Companies and Brands** exploring talent development and cooperation opportunities

■■■ Event Highlights

From 09:00 | Opening Ceremony

Welcome by DSJ leadership, the German Ambassador, and distinguished guests, followed by a cultural performance by DSJ students.
