PREPARATION OF REMAINS

Embalming **\$895**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Embalming is a chemical process, which provides temporary preservation of the body and eliminates health hazards. A person licensed by the State must perform this procedure. If there will be a public viewing of the deceased, it is the policy of Scranton Area Cremation Care to embalm the body. You may decline these services by either making other arrangements or selecting other services.

Refrigeration - An additional fee of \$25 per day after the 5th day **\$395**

It is the policy of our firm to require refrigeration of an unembalmed body after 24 hours.
