

# ROOTED Resilient + GROWING IN IMPACT

Dear friends and partners,

The Haiti journey is not easy. We are faced with heavy challenges; political unrest and violence, no commercial flights in and out of Port-au-Prince, starvation, and massive exodus, leaving the most vulnerable behind.

Yet, these are **powerful and exciting times** as young men and women come to faith daily. Thousands have made public confessions and been baptized, and hundreds of inmates have been fed—physically and spiritually. A beautiful story is that of Jenny, a young woman trapped in prostitution. Today, she's serving and leading others to Jesus. In Haiti, this is unheard of. It shows the power of the Gospel to transform lives like nothing else can.

You are part of these stories of hope, grace, and transformation. Thank you for continuing to pray and partner with us as we build a ministry that brings hope to Haiti.

With a grateful heart,  
  
Pastor Julio Volcy

## + GROWING IN IMPACT

### FROM SERVING TO SERVANT

**Morency Woodthierry's** journey is one of radical transformation. Born to a single mother and abandoned by his father, he faced a life of instability. After his mother's death when he was just 11 years old, he resorted to stealing to survive, eventually landing in prison at 18. Incarcerated in 2019, he wouldn't see a judge until 2023. But God met him there. Released and entrusted to Haiti Teen Challenge, he encountered Christ and graduated as a changed man. Once called "the little thief," he is now a man of integrity and purpose.

In 2025, he returned to that same prison—not as an inmate, but as a godly leader in Haiti Teen Challenge's Prison Ministry.

*Isaiah 61:1*

HTC is the only residential recovery program in Haiti where young men and women with addictive and destructive lifestyles are transformed by Christ.
