

HTC WOMEN'S CENTER

2024 CAPITAL CAMPAIGN

"Building godly leaders of integrity, empowering them to rebuild their families and their nation so that Haiti is a witness to the world of God's glory."

(Based on Isaiah 61:1-9)

After the death of my father, my teenage mother abandoned me, and I ended up with my young aunt in an unsafe environment. I became homeless at age 15 and started to prostitute myself to earn a living. I did that for three years until one day, I approached a young man, unaware that he was a former gang member and drug addict who had graduated from HTC. Instead of taking advantage of my naïveté and lost sense of self, he told me about HTC. I was accepted into the Women's Program and met Christ there.

As a graduate and now a staff member at HTC, I am working and living with dignity while using my testimony to invite hundreds of young women to do the same. **The impact YOU are helping Haiti Teen Challenge to make by supporting the Women's Center is priceless.**

DANELLE

Graduate & HTC Alumni Manager

Serving at HTC is a challenge and a privilege. It means abstaining from one's personal interests for the benefit of the students. Each transformed life is a victory.

NERLANDE COICOU

Women's Program Director

OVERVIEW

The Haiti Teen Challenge (HTC) Women's Program opened in 2015 and is an 18-month Christian residential discipleship and development program for troubled young Haitian women (ages 16-24). It is designed to help them break the chains of addiction and generational poverty and be restored by the glory of God.

PROGRAM HIGHLIGHTS

TRANSFORM

During their time in the Women's program, students break the cycle of addiction and dependencies, all while reading and studying the word of God. They confront their pasts and embrace God's new design for the family. During the program, they are introduced to new skills and serve in the community.

EQUIP

Each young woman's skills, abilities, and gifts are identified, and onsite life skills training is provided (including cosmetology, plumbing, sewing, baking, computer skills, leadership, and English). One-on-one mentoring equips them to apply biblical principles to their daily lives. After graduation, scholarships are secured for additional schooling in a vocation/trade, and students receive guidance in finding jobs or internships.

MOBILIZE

HTC Women's Program graduates understand that it is their responsibility to bring healing to **their** nation. Through authentic Holy Spirit testimonies, they are transforming hearts. Through their stewardship and Christ-like service, they are replacing disorder with God's order in their families and communities.

SUSTAIN

With the support of the HTC staff and alumni resources, these young women can confidently sustain their new life. HTC graduates sustain the marketplace, the local church, and their communities.

HAITI TEEN CHALLENGE

Educating a woman is educating an entire nation.

-Nerlande Coicou, Women's Program Director

Facility

The Women's Center provides a safe residential living space for up to 28 women. It is located in one of the only secure areas in Port-au-Prince, with convenient access to our other HTC facilities and Rendez-Vous Christ Church.

The center provides 24/7 supervision and care. Students have access to laundry and cooking facilities and help to maintain the house and grounds (including a small garden).

The center includes a multipurpose room that serves as a chapel for daily worship and prayer and an educational space for Bible study and life skills training.

Students enjoy meeting outside to learn, exercise, and be together in God's creation.

Make an Impact

Our current lease is ending, and **we need your help** to raise the **\$400,000** needed to purchase the Women's Center property.
(Deadline is August 1, 2024)
