# GOALS OF THE PROJECT

This Erasmus+ Youth Exchange brings together young people from different countries to explore music as a tool for creativity, collaboration, and self-expression. During the exchange, participants will experiment with different ways of making music together, such as rhythm sessions, vocal work, and choirs. The exchange will create a space where participants can share musical influences from their cultures, learn from one another, and co-create original pieces. By working in groups, they will explore rhythm, voice, and sound, discovering how music can connect people beyond language and cultural differences. Our performance with the choir of association of retirees of Dubrava will serve as a building block for community empowerment, development and engagement.

# PROFILE OF PARTICIPANTS

The project is aimed at young people aged 18–30 who are interested in music, creativity, and intercultural exchange. Participants may have different levels of musical experience, from beginners who are curious about exploring music to those who already sing, play instruments, or write lyrics. The exchange welcomes young people who are open-minded, motivated to express themselves creatively, collaborate with others, and learn about different cultures through music. No professional musical background is required - curiosity, openness, and willingness to participate are the most important qualities.

# RESPONSIBILITIES OF YOU AS A PARTNER ON THIS PROJECT

- Promoting the project among your organization members
- Selecting the right profile participants from your country and having at least 1 person on the waiting list
- Ensuring a gender and age diversity and balance among your selected candidates
- Preparing the selected participants before the youth exchange
- Doing visibility and dissemination of the project results through your social networks/web page in a timely manner
- Doing the evaluation to capture the impact done by the project and reporting about it to the coordinating organization.

# TRANSPORT

To determine your maximum travel reimbursement, use the distance calculator to find the distance between your home town and Zagreb.

# TRANSPORT INFORMATION

As you already know, the project will take place in Novaki (near Vrbovec city) in Croatia. The place is remote, so there is also no public transport from Zagreb to Novaki. Because of this, we will have organized transportation from Zagreb. There are a few important things to keep in mind. They are as follows:

- Please make sure to arrive to Zagreb on 18.06. (arrival day) until 18:00 as we will organize transport for all participants. If this is not possible due to transport connections please contact us to see what are the possibilities.
- On the departure day, you can select the cheapest option, regardless of the time; it is just important that your departure is **NOT BEFORE the 26<sup>th</sup> of June**.
- When you search for tickets to Zagreb, make sure to deduct 20€ from the total travel budget as this will be utilized towards the transportation from Zagreb to Novaki.

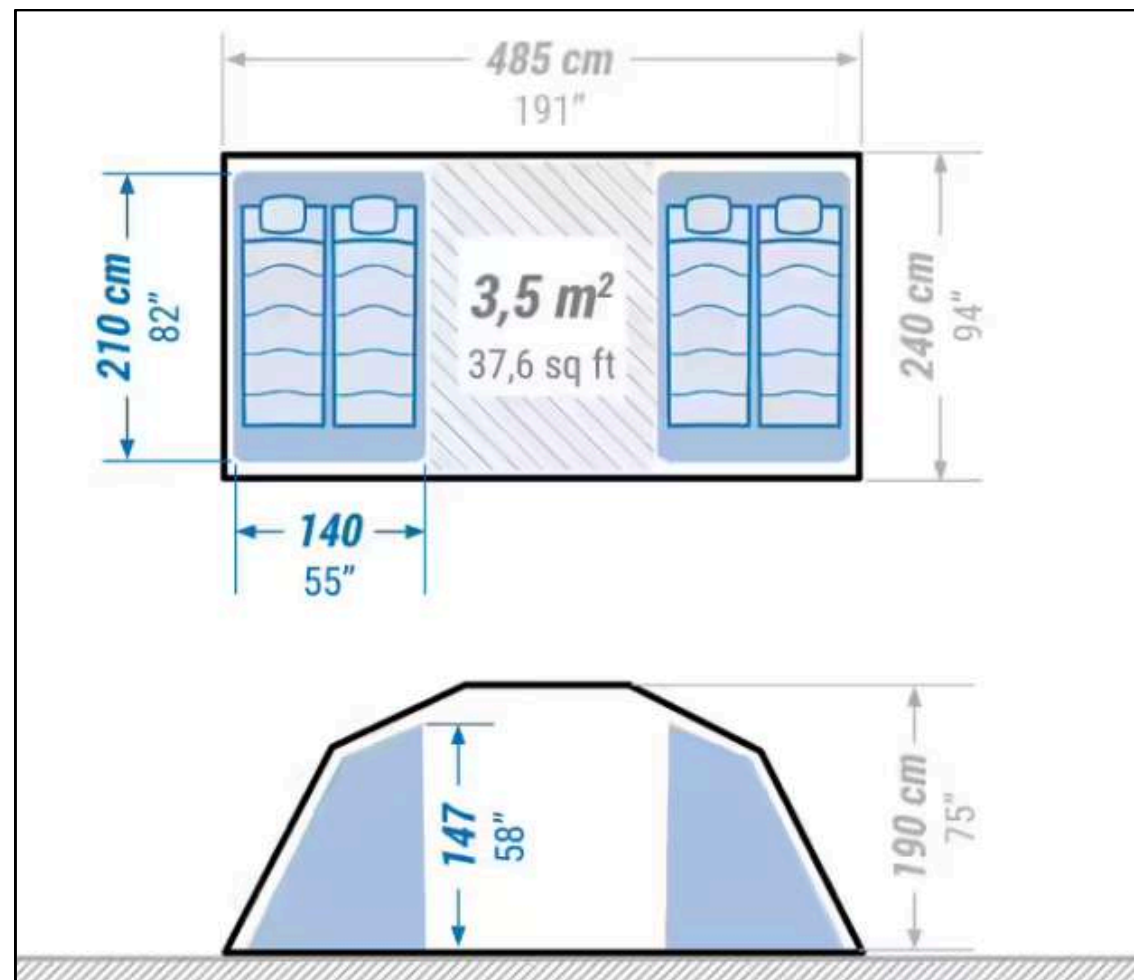

# ACCOMMODATION

# TENTS

First and foremost, it is important to highlight that this will be a camping project. You'll be staying in bigger tents (usually for 6 or 4 people, but it will only be 3 or 2 people), where you will have your own "room" within a tent. Each tent will be equipped with:

- Sleeping bags
- Pillows
- Sheets and covers
- Blanket
- Mattress (real ones)
- Light

There will only be one person in each of these rooms!

# HOUSE

Next to the tents, there is a house that consists of:

- Two rooms (chill areas/workspace)
- A kitchen with basic appliances

Next to the house, there are:

- 4 bathrooms and 4 showers
- A separate working area
- Peaceful countryside surroundings (only one neighbor)
