

A BASIC PIGMENT KIT FOR BEGINNING ICONOGRAPHERS

Developed for Students of the Prosopon School of Iconology
By St. Elizabeth Icon Studio in Lafayette, Louisiana

A smaller alternative to our full-size 50-jar kit! It contains smaller portions (not full jars) of the 27 most basic pigments—those essential to paint an icon in the Prosopon style. This kit is designed for beginning students who are seeking an economical way to acquire their basic materials. For all others, we recommend our full-size 50-jar pigment kit.
