Independent Study Students Register for Class
Intermediate Project Class Students Automatically Enrolled

ZOOM CLASSES ON TUESDAYS
2:00 PM & 6:00 PM Central Time

SPRING SESSION: February 2 – April 13
SUMMER SESSION: June 1 – August 10
FALL SESSION: September 7 – November 9

This class is open to INTERMEDIATE AND BASIC LEVEL STUDENTS who have previously studied with the Prosopon School of Iconology or with Faye Drobnic. Students should have a basic understanding of the Prosopon techniques of roskrish, highlights and floats, and they must be able to mix their own paint. Please email me if you have questions.

THE PURPOSE OF THE CLASS is to encourage students' independent work, using the skills learned in previous or current classes. This is an opportunity to work independently on projects of your choice with the support and guidance from a teacher and to master techniques previously learned in project classes and workshops.

- The goal is to finish your unfinished projects or to work on current or new projects of your choice with the assistance of tutorial packets or instructional material from prior or current workshops or classes. Independent Study students will set their own goals at the beginning of the class as to what work they wish to accomplish over the course of the class. Students enrolled in project classes also can attend these sessions for critiques of their work.
- A Zoom link to the weekly classes will be emailed a few days before the first class, along with a designated email address to send photos of your work.
- Independent Study Students must work from a color prototype: the picture of a completed icon (from a workshop or another source) or a tutorial packet with instructions or one of my previously-taught classes available on Google Drive. Tutorial Packets may be purchased here: http://www.stelizabethiconstudio.com/tutorial-packets/ Other supplies are also available: https://www.stelizabethiconstudio.com/supplies-2/
- Once a week students will email a photo of their work to a designated email address. We critique each photo individually in the Wednesday classes at 2:00 pm & 7:00 pm. Students may attend either or both classes. Critiques will take place only in these classes. **These classes are not recorded; students must be present for their critique.**
- These weekly meetings will help students to stay on track, and the critiques will help them overcome any challenges they may encounter! Everyone also benefits from tons of information discussed in the critiques of other students' work and shared in the class.
