Frontier Rendezvous

The Spiritual life is always frontier. It cannot be made suburban. And we who live in it? Must accept and rejoice that it remains UNTAMED!

Eagle's landing will be set in a pre 1840 themed Frontier Camp. Teams will have the privilege of staying in our wall tent village. Campfire cooking on wood fires using cast iron cook wear. A Frontier Rendezvous was a great place for mountain men to trade, tell stories and set up some friendly competitions of their bush-craft skills.

Let's see who can shoot the eye out of a crow, start a fire the quickest using flint and steel, night stalking skills and more.

The old story pole will be set up for some great story tales around the evening fires, with popcorn off the embers, and some Dutch Oven apple crisp from the coals of the evening campfire. Primitive weapons and other field events.

Word study will be 2 Peter
