Our renowned reputation is a consequence of three decades of dedicated effort. Every aspect of our Audio Recording Technology program has been designed with your future in mind.

*All statements regarding program performance such as Top, Rated the Best and #1 are based on the latest KPI survey results. Based on a typical 5 course semester with 15 class hours per week, excluding holidays, breaks and exam periods. **Not including textbooks, student activity fees, lab fees, parking or other yearly student fees. ***The longer the program, the longer it takes to begin your career and start earning income. Each additional year in school is a potential year of income lost. ****Utilizing a modest \$37,000 average entry-level salary per year to predict lost income.
