**Legislation:** Chris is one of 15 veterinarians on the Small Animal Welfare Committee determining positions on various bills. The Breeder Licensing bill is being reviewed. Current proposals Commercial breeders allowed 4 bitches & 25 puppies sold/yr. MN Pet Breeders Assoc (MPBA) is advocating 4 bitches and 12 puppies sold/yr. NOTE: This is not us (This is one of the organizations frequently confused with us having very similar name, Chris noted the big (750) Commercial breeders will not agree to that. Still up for discussion.

**Education:** Carol Lauren-Schmidt has sent a number of items to Rose that the Board has not yet seen.  
> Finding articles on health that would be helpful for breeders such as use of Benadryl. Carol O and Chris suggested caution as that info should be verified by a veterinarian. Concern is our legal liability and safe use by public. > USDA covers 4 – 25 animals; but doesn't include pet shops. > Discussing definition of primary shelter. Define how long a dog should be in crate. Define what is a crate. > Removed term dog breeders that applies to pet shops and shelters. > Should debarking and declawing be allowed, discouraged, made a crime > Dept of Health and Human Services wants to allow euthanizing a dog that has bitten without trying to find owner.
