Friday 9th October 2026

Dear Parents/Carers,

Year 11 Information Evening

As we begin this crucial year, we would like to thank you for your ongoing support as your child prepares for their GCSE examinations. With less than 120 school days until the first public exams, Year 11 is a key stage in your child's educational journey, and the partnership between home and school is more important than ever. Please see below a summary of the information that we shared in our recent **Year 11 Information Evening**.

Throughout the year, students will benefit from a range of support programmes designed to help them achieve their full potential. These include the **Achieve Excellence Programme**, one-to-one mentoring, revision guidance, and a comprehensive programme of **Extended Learning sessions** that will run during October and from January through to the start of the GCSE examinations. These sessions provide valuable opportunities for students to receive additional support from subject specialists. You can find the timetables for each site below:

- [Green Lane](#)
- [Gosfield Road](#)
- [Lymington Fields](#)

Students will also complete **mock examinations**, which are an important opportunity to practise exam techniques and identify areas for improvement. You can find your child's timetable [here](#). Research and experience consistently show that successful students are not necessarily those who revise for the longest periods, but those who revise regularly, use effective study strategies, and remain consistent over time. Your encouragement and interest can make a significant difference to their success.

During the evening, we shared advice from **Elevate Education**, which highlighted the habits of high-achieving students. These include effective time management, organisation, goal setting, independent study, regular practice using exam questions, and developing strong revision and memory techniques. Students are encouraged to create realistic study timetables that balance revision with extracurricular commitments and personal wellbeing.

Parents can support their children by:

- Encouraging regular revision and attendance at Extended Learning sessions.
- Helping students establish a structured study timetable.
- Discussing future aspirations and post-16 pathways.
- Supporting healthy routines, including sleep, exercise, and balanced use of technology.

-
- Encouraging students to complete holiday revision tasks and use revision resources provided by teachers.

You can find further information on how to do the above in this [page](#) on our website.

During the Christmas and Easter holidays, students will receive **revision packs** and will construct **structured study plans** to help them maintain momentum and prepare effectively for their exams. Following Easter, each student will receive a **personalised timetable of revision sessions, briefings, and extended learning opportunities**.

We are proud of the strong outcomes achieved by our students in recent years and remain committed to supporting every Year 11 student to achieve their very best. We encourage all students **to aim high, attend regularly, work consistently, and make full use of the support on offer**.

Thank you for your continued support. Together, we can help ensure that every student is well prepared, confident, and successful in their GCSE examinations. Please do not hesitate to contact me if you have any questions.

Yours faithfully,

Mrs E Georgaka (Egeorgaka@robertclack.co.uk)

Assistant Headteacher
