Model:	Zenith
Exterior Dimensions (L x W x H)	11.5 x 3.3 x 3.2m (37.7' x 10.8' x 10.5')
Building Area:	38m ² (407 Square feet)
Total Net Weight:	9000kg (19840 lbs)

TAILORED TO YOUR NEEDS:

ETNA NEST offers a wide range of customization options to meet your specific needs. Whether it's integrating off-grid energy systems, redesigning kitchen , bathroom, or choosing personalized colors and finish, we can bring your vision to life. Customization requires an appointment with an ETNA representative and applies only to orders meeting the minimum quantity requirements.

HURRICANE-PROOF COMPLIANCE

ETNA NEST is available with hurricane-proof compliance to ISO 16546 and ISO 29481, following IBHS standards, and is manufactured in an ISO9001 and ISO 14001 certified factory.

ROOM CONTROL UNIT

- **Voice Control**

Hands-free operation of lighting, curtains, and more via intelligent voice commands.

- **Scenario Modes**

Multiple preset modes (like “Relax” or “Sleep”) adjust lighting and ambiance to suit guest needs.

- **Advanced Tech**

Fine-tune lighting, temperature, and other settings for a fully customizable experience.

- **User-Friendly Interface**

Simple controls for easy adjustments, ideal for guests of any tech level.

- **Smart Lock**

Secure access with a high-tech, keyless entry system for added convenience and safety.

- **Energy Efficiency**

Integrated eco-friendly options to reduce cost and environmental impact

INTERIOR EQUIPMENT

- **Premium Bedding**

High-quality mattresses and pillows provide a restful sleep experience for maximum comfort.

- **Compact Storage Solutions**

Cleverly designed storage spaces allow guests to keep belongings organized and clutter-free.

- **4K UHD Projector with Streaming**

Integrated 4K UHD projector with Netflix and Prime Video gives guests a cinematic experience right in their ETNA NEST.

- **Adjustable Lighting**

Ambient and reading lights allow guests to create the ideal lighting for relaxation or productivity.

- **Climate Control**

Advanced air conditioning and ventilation keep the capsule at the perfect temperature.

- **Privacy Features**

Blackout curtains or privacy screens provide a secluded, comfortable personal space.

FULLY EQUIPPED KITCHEN

- **Microwave Oven**

Convenient microwave oven for quick and easy meal preparation, perfect for guests on the go.

- **Dishwasher**

Modern dishwasher for hassle-free clean-up, allowing guests to enjoy their meals without the worry of washing up.

- **Dining Area**

Adjacent dining space for guests to enjoy meals in a cozy, welcoming environment.

- **Spacious Countertops**

Ample counter space for easy meal prep and serving, providing a comfortable cooking experience.

UPGRADED INSULATION

- **Thick Insulation Foam**

Four inches of high-density insulation foam (default: 2 inches, optional upgrade to 4 inches R20) provides superior temperature control, ensuring comfort in any season

- **Triple-Layer Glass Option**

The optional triple-layer glass ensures excellent thermal insulation and sound-proofing, enhancing privacy and energy efficiency. The default version features standard Thermos double-layer glass with Argon gas between the panes to ensure optimal insulation.

- **Sound-Insulated AC Unit**

The AC unit is equipped with sound insulation, maintaining a quiet and peaceful environment for optimal relaxation.

- **Freeze-Proof Water Pipes**

Water pipes feature electric heat tracing, preventing freezing during winter and ensuring uninterrupted water flow in cold weather.

i These insulation features guarantee comfort, energy efficiency, and peace of mind, making the ETNA NEST a cozy retreat year-round.

Tailored to Your Needs

ETNA NEST offers a wide range of customization options to meet your specific needs. Whether it's integrating off-grid energy systems, redesigning kitchen, bathroom, or choosing personalized colors and finish, we can bring your vision to life. Customization requires an appointment with an **ETNA** representative and applies only to orders meeting the minimum quantity requirements.

Transform your living space with the ETNA NEST series mirrored glass option

Mirrored privacy film provides daytime privacy with its reflective surface, allowing you to see out while blocking views from outside.

Enjoy breathtaking views while maintaining complete privacy and intimacy.

Immerse yourself in a modern, serene retreat that reflects your surroundings beautifully.

Exterior Color (Pantone)

ETNA NEST provides a selection of colors to help you personalize your house. Choose the color that best suits your vision and make your home uniquely yours!

Energy System:

Solar panels or other renewable energy sources paired with battery storage to provide off-grid electricity.

Climate Control:

Smart systems for heating, cooling, and ventilation, ensuring optimal indoor comfort.

Smart Automation:

Integrated technologies for lighting, security, and appliances, often controlled through a app or voice.

Triple-Layer Glass:

The optional triple-layer glass ensures excellent thermal insulation and soundproofing, enhancing privacy and energy efficiency.

Upgraded Insulation:

Invest in sustainable, efficient insulation to reduce heating and cooling costs.
