Easter Sunday

-Dear brothers and sisters in Christ, He is Risen. Alleluia alleluia! Easter is a journey of hope. Easter is a feast of hope for the future that we all are longing for in faith, eternal life, resurrection from the dead, the communion of all saints, that future is now, is here in the risen Lord. Dear brothers and sister it our journey of faith to allows that future to be really our present now. The easter readings are wonderful guide and encouragement to our easter experience as a journey of hope. Peter the apostle recounts his discourse: "You know what has happened all over Judea, beginning in Galilee after the baptism that John preached, how God anointed Jesus on Nazareth with the Holy Spirit and Power. He went about doing good and healing all those oppressed by the devil, for God was with Him." Apostle Peter reminds us that Jesus is holy man, and this holy man was put to death by hanging him on the cross, but God raised him on the third day and granted that he be visible not to all the people, but to us. He is telling in Acts of the Apostles that we are witnesses not only of the public ministry of Jesus and his death, but we are witnesses of the resurrection. For he appeared to them, he ate with them and now the risen Lord, who is the future of God fulfilled, sends them to preach and to do good works. So, we could see how the risen Lord changes the history of these people, his disciples. Now they can look back at their own history as a journey towards the fulfilment of God's plan. They are now messengers, missionaries of the risen Lord. St Paul tells the people of Colossians, you are baptized, you are already sharing the life is risen Lord and now your life is with him. You are united with him. You are already sharing in his glory, but you are still on this earth. What should you do? Live your life on earth with the glory of heaven having an impact on your decisions, choices and your lifestyle. Let the glory of the resurrection determine who you are now on earth.

Prayer for our Nation

God our Father, giver of life, we entrust the United States of America to your loving care. You are the rock on which this nation was founded. You alone are the true source of our cherished rights to life, liberty, and pursuit of happiness. Reclaim this land for your glory and dwell among your people. Send your spirit to touch the hearts of our nation's leaders. Open their minds to the great worth of human life and the responsibilities that accompany human freedom. Remind your people that true happiness is rooted in seeking and doing your will.

Amen!
