

# ACADEMY

*\*The BBC Academy and Junior Academy emphasize enhancing players' tennis skills and enjoyment. Created by top junior coaches in New England, the program aims to develop elite players while fostering a lifelong love for the sport.*

*Our Academy and Junior Academy offer a rigorous, strategy-focused blend of drills and live ball hitting, technical development, supervised match play, video analysis, and mental toughness training. The Junior Academy is for players aged 7 to 12. It caters to newcomers committed to playing competitively and current tournament participants who may not yet be ready for the Academy. Players use orange and green balls.*

*Our Academy is for players aged 10 to 18. It uses yellow balls and is designed for more advanced, younger, and older tournament and high school varsity players.*

*Every junior player meets with the Head Coach to discuss their goals, allowing for a personalized coaching approach tailored to their unique needs. The BBC Academy is setting a new standard of excellence, one player at a time!*
