## Big Ass Fans

Enjoy up to 25% OFF BIG ASS FANS!

Whether you have an equine facility, barns, an arena and/or residential needs, our experts are here to make your life easier, more comfortable, and less expensive. Association members are eligible for up to 25% off Big Ass Fans!

Since 1999, we've been making fans that are unmatched in performance and unrivaled in craftsmanship; painstakingly built with our hands just as much as with our hearts and our minds. Big Ass Fans pioneered the high-volume, low-speed (HVLS) fan industry by introducing large industrial fans to agricultural spaces. Recognizing the fans' versatility, our customers began to install them in warehouses, factories, commercial spaces, and homes. With each new application, our engineers set out to design the perfect solution to meet our customers' needs. Their dedication to innovation has led us to develop the industry's first silent motor technology, smart fan controls and automation, and the world's most efficient, safest, durable products on the market.
