CTHS National Announces First-Ever Canadian Digital Mixed Sale

September 29, 2025 – Etobicoke, ON

The Canadian Thoroughbred Horse Society (CTHS) and all of its Provincial Divisions are proud to jointly announce our inaugural Canadian Digital Mixed Sale, taking place **November 20–25, 2025**. Providing a nationwide sale will expand the marketplace giving sellers access to more potential buyers across the country while offering buyers a broader selection in one convenient sale.

The sale will be powered by our new digital auction platform delivering maximum visibility for sellers and a smooth, user-friendly experience for buyers anywhere.

"Canada is a vast country, and this digital platform now gives us the ability to come together under one roof," said CTHS National and Ontario president David Anderson. "Our breeders and owners need a marketplace that allows them to trade stock efficiently, and this initiative delivers exactly that. I congratulate all of the provinces and their respective boards for uniting for the first time to make this a true national effort."

The closing date for entries is **November 12, 2025** and entry forms will be available soon at [**cthsnational.com**](https://cthsnational.com). The sale will include Breeding Stock, Weanlings, Yearlings, Stallion Shares, and Horses of Racing Age. Bidding opens at 9:00 a.m. EST on November 20th and closes at 8:00 p.m. EST on November 25th.

The 2025 National Digital Mixed Sale sets a new standard for access, exposure and convenience in Canadian thoroughbred sales. We are confident that both sellers and buyers will appreciate and embrace the new CTHS platform with all the benefits and advantages it provides.
