

RIZON[®]START

6-22-3

Jump-start emergence. Strengthen early growth. Build yield from day one.

RizonStart delivers a powerful blend of essential nutrients and critical micronutrients to enhance and maximize early-season plant development, setting the stage for higher performance all season. Designed to support faster emergence, stronger early root and shoot growth, improved nutrient flow, and timely maturity.

Nutrient Features:

- NPK
- Sulfur
- EDTA Chelated Zinc
- EDTA Chelated Manganese
- EDTA Chelated Iron

- ✓ Faster emergence and uniform stands
- ✓ Promotes vigorous early root development
- ✓ Drives early plant energy for improved growth and stress tolerance
- ✓ Supports healthy maturity, dry down, and harvest timing
- ✓ Built for efficiency

Available in 275 gallon totes and bulk.

Directions for use:

Soil Application: Apply in-furrow. It is not recommended to apply over 5 gallons per acre.

Use in accordance with the recommendation of a qualified institution or individual.

DO NOT mix with calcium based fertilizers or UAN.

Pairs well with:

NanoN+/NanoPro/NanoCS
NuTech Execute
Sugar Sweet
