Gunnison Sheet Metal & Roll Forming

301S.14th Street
Gunnison, CO. 81230
970-975-1712

GSMRF Shop Technician

Starting Wage: \$25 - \$30 hourly

Job Description

We are seeking applicants for assistance in general sheet metal shop operations. A typical day at GSMRF includes fulfilling metal orders, equipment maintenance, communicating with customers, receiving deliveries & inventorying items. The intricacies of these tasks require a valid driver's license, customer service aptitude, basic proficiency in navigating computer programs such as a POS system and basic math skills. Mechanical aptitude preferred.

Other tasks & required skills include:

- Customer communications - taking calls & receiving walk-ins
- Custom metal & flashing production
- Fork lift operation - we will certify you.
- Shipment receiving & approvals
- Machine Tooling Swaps & Regular Maintenance Schedules
- Creating and submitting invoices to customers upon order completion.
- The ability to lift 60 lbs

Individuals will be trained by Josh Uherek, Chief Operations Officer & report to him for order approvals during the onboarding period. Job descriptions may vary with work environment integration & demands.
