Pre-funding of Funeral Services and Supplies

For your convenience, we offer funding options when prepaying services and supplies. When prepaying, you pay for the services, supplies and specific disbursements today and the money will be used to pay for the services, supplies and specific disbursements when they are delivered at the time of death. Current law requires each funeral home to guarantee the signed contract when the services requested are fully funded. Additional costs will be for items the authorized purchaser or selected family member has changed from, or added to, the existing prefunded contract, for which the terms of payment are listed in this price list.

Two options for prefunding your funeral are:

1) Through a Funeral Annuity or Insurance Funding Product:

You may purchase an annuity (a single payment) or insurance funded (payments over time) pre-arrangement product through Mackey Funeral Home. Currently we have options through two companies Funeral Plans Canada (who represent Unity Life of Canada, Foresters Life Insurance Company, and Equitable Life of Canada) and Nunn Shannik Preneed Solutions (who represent Assurant Life of Canada). This type of funding is held within the Mackey Funeral Home Master Group Annuity, with each account having its own identification. When signing with the funeral home you will sign two contracts; a Prepaid Goods and Services Contract and an Enrollment Contract with the insurance provider. You or your legal representative may cancel or change your prepaid contract at any time before the services or supplies are provided. You must give notice to your service provider in writing. You may or may not get all your money back depending on how much you have paid, any cancellation fees and whether any supplies and services have already been provided. If you choose to cancel your contract your refund will depend on the terms of your contract.

2) Through a Trust Funded Product:

You may choose to deposit your money into a trust also. Cheques payable to Guaranteed Funeral Deposit are placed in trust, with Guaranteed Funeral Deposits Fraternal, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled. You or your legal representative may cancel or change your prepaid contract at any time before the services or supplies are provided. You must give notice to your service provider in writing. You may or may not get all your money back depending on how much you have paid, any cancellation fees and whether any supplies and services have already been provided.
