To whom it may concern,

My name is Karen Winkle and I am a licensed Real Estate Broker. I head up a resource website named KingstonLandlordAssociation.com showcasing a team of trusted individuals in the field of housing.

I had the pleasure of doing business with Brendan Mullally from Beeline Moving & Hauling when I was assigned to prepare an available rental for a showing. Brendan immediately grasped a full understanding of what I needed done before explaining what services he would provide. When the job was completed on time and performed in a professional manner, I was very happy with the work done.

When referring trusted contractors to my member landlords, other professionals and agencies I feel safe using Beeline. It is nice to be able to refer a quality service at affordable rates. Brendan has been very honest and approachable and that makes me feel comfortable enough to definitely use him in the future.

I am also involved in the housing community so I appreciate his work ethic. Brendan also helps me in the course of my business by moving furniture to our local pantry for distribution to needy families.

At K.L.A. we wish him all the best! His business provides a resource that saves time and money and I refer to him as a trusted contractor in my network.
