Discussion Questions

1. Have you ever given much thought to how we, the church, are to think about politics? Do we really need to be involved? Do we need to stay out of the political realm?
2. How would one ever draw the line between what we are to stand for as Christians, and what is considered to be political? Our government wants to care for the poor, legislate morality, determine our healthcare and control our ethics. What are we to do?
3. It all comes down to one thing and that is to know the truth so that the truth can set us free. Where do we find the truth and how do we know it to be the truth?
