

Schedule of Fees Newport 2025

From April 2025 the Government require us to show how we deliver funded hours and the charges around these in a more detailed way, therefore we have altered the way that we display our pricing. Nearly all of our children are now funded and these hours are delivered completely free of charge to our parents. We do however charge for additional hours around these where parents choose to attend our full days. It has always been a complex matter to calculate the way funded hours work with paid for hours, consumables, food charges and other things such as activity charges. We have now broken down these charges into what we consider to be the simplest way for parents to understand these and these base charges are listed below. We also have fully funded days available at either no cost or for the cost of food and the enhancements, which consist of the consumables we use and the activities that we offer, all of which are detailed further below.

'Tax Free' Childcare Accounts

Working parents of children aged under 12 can use Tax-Free Childcare, through the childcare service account, to pay for registered childcare. The Government top-up the money that parents pay into the account i.e. for every £8 parents pay in, the Government will add an additional £2. Parents can received £2,000 per child per year, or £4,000 if disabled.

Visit www.gov.uk/tax-free-childcare to find out more about eligibility and the scheme. We advise parents to ensure they have read all the advice in relation to what is best for them and whether they should move from an existing scheme. Bright Kids will not be held responsible in any way if your choice results in changes to your eligibility for other benefits or childcare costs support.

Childcare Choices

The Childcare Choices website will guide you through your options. It provides access to the application process for the childcare accounts and the 30 hour entitlement - make sure you are ticking the correct boxes for you. Eligibility for all this and the 30 hours is determined by HMRC and parents should check their own eligibility through the relevant government website. The website Childcare Choices offers you the opportunity to compare what is best for your family.
