SHORTCUT SHEET MEDLEY

Did you miss the opportunity to sew with Carla Klop when she visited Derrels in December? Does using your newfound Shortcut Sheets methods for a guided project sound like fun? This class is for you!

What to Expect

Each Saturday class is scheduled to meet at Derrel's while Carla is live on Zoom. The only exception is March 14th (the live is March 7th, but we have another quilting event happening). This project is designed for an advanced beginner or intermediate quilter with knowledge of how to use a rotary cutter and ruler, and how to sew a quarter-inch seam on your sewing machine.

Each three-hour session will focus on one Shortcut Technique. Week One features the Half-Square Triangle (HST) Units, and you will create the HSTs for the entire project (see the schedule). Carla will be on Zoom, while Stephanie and Bev will be available in the store to assist.

Schedule

| | |
|-------------|---|
| January 24 | Trunk Show & Half Square Triangle Units |
| February 7 | Four-Patch Units |
| February 21 | Quarter Square Triangle Units |
| March 14 | Hourglass Units |
| March 28 | Flying Geese Units |
| April 11 | Triangle-in-a-square Units |
| May 2 | Assemble the Quilt Top |

Basting & Binding Classes can be scheduled based on class needs.

If you are unable to attend one of the scheduled dates, talk to Stephanie about recorded video access; otherwise, for in-person assistance, attend one of our Sit & Sew days for \$10

You will need to bring or purchase:

8 yards of fabric in 5 colors
Large Cutting mat 24x36
24" quilting ruler
Rotary Cutter
Sewing machine with 1/4" foot
Thread
Scissors and Snips
Pins or clips

4 1/2" square ruler (included in sign-up)
Pattern (included in sign-up)

Meet Carla Klop, the Unconventional Quilter

Carla Klop
Designer and Teacher
carla@kitsbycarla.com

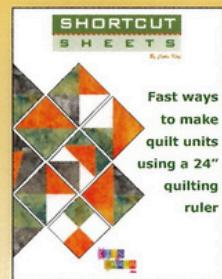

For almost 30 years Carla made all her quilts by hand – and only discovered the rotary cutter in 2005! Recognizing how much faster making quilts would become, her ideas just went wild. There wasn't enough time to complete all these quilts without finding ways to go faster. So this resulted in *Shortcut Sheets* – an accident discovered by breaking the rules.

There are now 8 methods. These have been published in a **Resource Binder** including practice patterns for each technique, quilt patterns, tips and worksheets.

Panel Play is an 82 page book showing how to punch up a panel using blocks made the Shortcut Sheet way - a double quilting experience.

Carla's patterns have been published numerous times in American Quilter magazine.

She teaches her methods internationally and can be contacted via the website KitsByCarla.com

We are excited to provide the opportunity to sew together with friends, new and old, in 2026. It was wonderful to have Carla at Derrels and we hope that you enjoy this confident beginner/intermediate quilting project.
