## EXPERIENCE

### Senior Web Designer

Fully Remote

#### CreativeOne

April 2022 - Present

- Manage and execute front-end website design in Duda and WordPress for financial advisors and internal websites
- Work with various team members to ensure that tasks are completed on time using an internal CMS (Asana)
- Manage DNS records to launch client websites
- Conduct market research to gain insight into industry trends and competition

### Web Designer

Fully Remote

#### Thomson Reuters

June 2019 - April 2022

- Handled design intake as a member of a project team, applied creative briefs, and used an internal CMS (Wrike) to create websites for law firms
- Managed workflow, project durations, and final design oversight
- Worked with a design vendor to build and implement changes to client websites in WordPress
- Created wireframes and used CSS/HTML

### Web & Graphic Designer

Minneapolis, MN

#### Portkey SEO Solutions

Aug 2018 - June 2019

- Utilized WordPress to build client websites for various industries
- Designed web banners, brochures, flyers, logos, advertisements, social media graphics, and animated GIFs for clients using the Adobe Creative Suite

### Graphic Design Intern

St. Cloud, MN

#### Minuteman Press

July 2017 - Dec 2017

- Designed invitations, business cards, magnets, a program book, and other assigned projects for clients
- Communicated and worked with clients to meet their needs
