How accident insurance can get you back on your feet.*

Accident insurance

Accidents happen. With accident insurance, you can help them hurt a bit less.

Accident insurance is an extra layer of protection that gives you a lump sum benefit payment to help cover out-of-pocket expenses.

Who is it for?

Nobody can predict when an accident might happen. That's why accident insurance is a great add-on policy for people who want to supplement the heath and disability insurance coverage they already have individually or through an employer.

What does it cover?

Accident Insurance pays you lump sum of benefits after you suffer an accident. This could be more than 40 different circumstances, including: emergency treatment, ambulance, burns, dislocations, fractures, hospital confinement, and surgery.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Accident insurance is a simple, cost-effective way to supplement and cover additional expenses your health and disability insurance may not cover, including x-rays, ambulance services, deductibles, and even things like rent or groceries.

Plus, accident insurance is portable and payments are made directly to you.

Support during recovery

Sue hurts her knee while hiking and needs emergency treatment.

Sue fell while hiking in a local park and tore the cartilage in her knee. She went to the hospital emergency room for treatment.

Her accident insurance paid her a lump sum benefit that helped offset her injury-related expenses for an MRI, knee brace, and follow-up visits to her doctor.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.
