How hospital indemnity insurance can give you a comfortable stay.*

Hospital indemnity insurance

Hospital indemnity insurance can cover some of the cost associated with a hospital stay, letting you focus on recovery.

Being hospitalized for illness or injury can happen to anyone, at any time. While medical insurance may cover hospital bills, it may not cover all the costs associated with a hospital stay. That's where hospital indemnity coverage can help.

Who is it for?

Hospital indemnity insurance is for people who need help covering the costs associated with a hospital stay if they suddenly become sick or injured.

What does it cover?

Medical insurance insures medical expenses while hospitalized, but other costs can add up like extra childcare, transportation, help around the house, and pet care. Hospital Indemnity coverage pays lump sum benefits based on admission and days hospitalized that can be used to help any costs.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Hospital indemnity insurance can help pay for out-of-pocket costs associated with being hospitalized, giving you more financial confidence for unplanned expenses brought on by a hospital stay.

Plus, hospital indemnity insurance is portable and payments are made directly to you .

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Be prepared

Kevin is hospitalized after an illness, and has to cover the cost of two days as an inpatient.

Kevin became ill and was admitted to the hospital. He had emergency surgery and was there for two days while recovering.

His hospital indemnity insurance paid him a lump sum benefit which provided financial support during his hospital stay.
