This is a new opportunity to join our Independent Sexual Violence Advisor (ISVA) team.

We are committed to equal opportunities, and we warmly encourage applications from all sections of the community particularly applicants from diverse groups.

RASASC is a registered charity which has been providing support to survivors of rape and sexual abuse of all genders (both recent and non-recent) and young people aged over 13, from across Surrey since 1992.

We provide an Independent Sexual Violence Advisor (ISVA) Service. ISVAs support survivors to help them overcome the abuse they have suffered and to rebuild their lives. This service also includes supporting the survivor to seek justice through the judicial system, should the survivor wish.

We also provide one-to-one counselling, group work, youth counselling, a support line, and a family support programme.

Volunteers are an important part of the work we do. Volunteers staff our support line and many of our qualified counsellors work on a voluntary basis with survivors of rape and sexual abuse.

ISVA

ISVAs are survivor-focused advocates, who support survivors of recent and non-recent rape and sexual abuse to enable them to access the services they need in the aftermath of the abuse they have experienced. An ISVA provides individual support and this will vary from client to client.

This role is based at the RASASC Guildford office and will work across Surrey. The ISVA must have a full driving licence and use of a car that can be used for work purposes.

You will be part of a dedicated, experienced, and friendly team. The ISVAs meet fortnightly for peer support and work collaboratively with each other to share knowledge. Each ISVA has a lead area of responsibility in addition to your caseload supporting a range of clients.

You will be provided with monthly clinical supervision and attend monthly one-to-one meetings with the ISVA team leader.

We welcome applications from all candidates but are particularly looking for those who can demonstrate the experience listed in the essential criteria of the person specification, and especially from those who can evidence the desirable skills and/or have an existing ISVA qualification.

Job Description

- To support survivors of rape and sexual abuse.
- It is the responsibility of the ISVA to impartially advise the client on all options open to them, such as the Criminal Justice System, SARC, sexual health clinic and other local services.
- The ISVAs are expected to balance a caseload that includes survivors progressing through the criminal justice process as well as survivors that have decided not to report, or who are no longer in the criminal justice process.
- The ISVA will be based at Guildford RASASC but will be expected to travel throughout Surrey.
- The ISVA is expected to carry out other duties from time to time which are broadly consistent with those in this document, as the job description cannot cover every issue which may arise within the post.

Key Tasks

- The ISVA will provide a survivor-focused, independent service, distinct from the role of a crisis worker or counsellor.
- Undertake risk assessment and support needs analysis with survivor and develop a support plan for the survivor.
- To provide advice and support across a wide range of issues, such as housing, health and education, that will help to support the survivor and ensure their ongoing safety in the aftermath of the abuse.
- Manage caseload and maintain necessary case files and records including monitoring information as required under funding conditions and by RASASC.
- To provide expert advice and support in relation to issues and the impact of rape and sexual abuse on this client group to other members of the ISVA team as well as the wider RASASC team.
- The ISVA will be required to undertake accredited training specifically designed to support them in delivering this service. This training is currently delivered virtually but subject to change, possibly face to face in Rugby or Manchester over six modules. Each module is taught over two consecutive days to minimise the amount of time ISVAs are away.
- Fulfil relevant monitoring processes as requested by the ISVA Team Leader or the Fundraising Manager.

- to attend monthly one to one supervision with team leader and monthly clinical supervision
