Meeting Notes
Greenvale Township Road Commission
Tuesday, July 14, 2026 - 7:00 pm

Road Commission Members Present: Mark Malecha, Chairperson; Adam Royle; Quincy Moore; Dick Moore; David Roehl
Board Members Present: Tony Rowan, Board Liaison; Joy Royle; Scott Norkunas

The meeting was called to order by Mark Malecha at 7:06 pm and he led Pledge of Allegiance 7:06 pm

Adam motioned to approve the agenda for the meeting; Dave seconded; carried unanimously

Dick motioned to approve the minutes from the May 21, 2026 meeting, Adam seconded; carried unanimously

Old Business

Town Hall Parking Lot

- Evaluation of the quotes to put a hard surface on the parking lot to take advantage of the money in the Accessibility Grant from the State.
    - Discussion: We are evaluating three options for the parking lot, Do Nothing; Do just the strip of the lot adjacent to the building or do the whole front of the lot from the driveway to the light pole.
    - If we do the full front of the parking lot this would take care of parking for 90% of our meetings that are held at the town hall. This would be the surface from the road to the light pole.
        - We will likely have to apply black dirt or make some type of edging by the grass
        - Question was asked: If we start at the grass line and work to the front will we have the right number of parking stalls? Yes, this was calculated when the lot was created.
        - The hardest transition edge will be at the driveway edge with the road, which will take the most abuse, we may want to give a gap at the driveway to allow for snow removal on the road in the winter.

Sign Work

We are missing a couple signs or need to have them repositioned. They have added weight limit signs on Eveleth that they are missing for the bridge.

There was one driveway permit submitted for resurfacing on 28410 Foliage Avenue

Next meeting will be early fall – September will set a date in August

Mark motioned to adjourn the meeting, Adam seconded, carried unanimously
