

Sound United Podcast Studio

Service and Rate Sheet | Warren, Ohio

FULL-SERVICE PODCAST PRODUCTION FOR BRAND-BUILDING PROFESSIONALS

We partner with busy leaders, founders, and experts who use podcasting to build authority, strengthen credibility, and connect with their audience. Our role is simple: we handle the technical and production details so you can focus on your message.

PODCAST RECORDING AND PRODUCTION

This is a done-for-you service designed for professionals who value quality, efficiency, and consistency. You bring the expertise. We manage the process.

CORE PODCAST PRODUCTION

One-hour finished podcast episode starting at \$340

This all-in production includes:

- Recording in a sound-optimized studio
- Professional microphones and monitoring
- Dedicated engineering support throughout the session
- Editing, mixing, and mastering for a polished, professional sound
- Final audio files ready for publishing

Series and multi-episode engagements are available for clients producing ongoing content.

WHY CLIENTS CHOOSE SOUND UNITED

- Protects your professional brand with consistent, high-quality audio
- Saves time by removing technical setup and post-production work
- Provides a reliable, repeatable process for ongoing content
- Offers hands-off production with experienced support

PARTICIPANT GUIDELINES

Base pricing includes up to two on-mic participants. Additional participants are \$25 per guest per session.

REMOTE RECORDING OPTIONS

Remote podcast recording and live session engineering are available for virtual interviews and distributed teams. Scope and pricing are confirmed during a brief discovery call.

ADDITIONAL SERVICES AVAILABLE

- Voiceover and narration
- Audiobook production
- Transcripts and show notes
- Social clips and audiograms
- Strategy and marketing support

GETTING STARTED

Most clients begin with a short conversation to confirm goals, format, and scope. Call to discuss your podcast and confirm next steps.
