Professional Services Fee of Funeral Director & Staff $975

This is the basic charge to each family we serve for our professional expertise in assisting them. It includes, but is not limited to, a proportionate share of the taxes, licenses, utilities, and business expenses necessary to serve the public in a professional manner. Also included in this charge is the consultation with the family, clerical and administrative services, preparation and filing of necessary permits, consultation with the clergy, cemetery, crematory or common carrier, planning the funeral, and assistance with obituary notices. There will be an additional charge for the direction and supervision of each service requested or required. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for all packages and forwarding or receiving remains and is discounted for the simple cremation packages.)

Embalming $825

Embalming is the chemical process, which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by the state must complete this procedure. Except in certain cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with a viewing for the public. If you do not want embalming, you have the right to choose a service that does not require you to pay for it, such as direct cremation or immediate burial.
