

Cadaver & Ultrasound

Anatomy Training – Mallorca

Dr. Javier BEUT
M.D. Plastic Surgeon

Dr. Jair Mauricio Cerón Bohórquez
Ultrasound Specialist

Dr Carlos Zito
Aesthetic Doctor

Part 1
Morning Session

7:30-13:30

| Time | Group A: Ultrasound | Group B: Cadaver |
|-------------|--|--|
| 07:30-08:00 | Both Groups Together: Arrival, Coffee & Welcome | |
| 08:00-08:30 | Introduction, Basics & Device Handling | Introduction (Cadaver & Ultrasound Overview) |
| 08:30-08:50 | Live Demo – Lower Face: Anatomy & Simulation of Ultrasound Guided Injection Techniques (anatomical structures, filler and toxin techniques) | Didactic Dissection – Lower Face |
| 08:50-09:30 | Hands on Ultrasound – Lower Face (scanning techniques, layer identification, vascular structures, muscles) | Hands on Dissection/Injection – Lower Face |
| 09:30-09:40 | Break | |
| 09:40-10:05 | Live Demo – Mid Face: Anatomy & Simulation of Ultrasound Guided Injection Techniques (anatomical structures, filler and toxin techniques) | Didactic Dissection – Mid Face |
| 10:05-10:45 | Hands on Ultrasound – Mid Face (scanning techniques, layer identification, vascular structures, muscles) | Hands on Dissection/Injection – Mid Face |
| 10:45-11:00 | Break | |
| 11:00-11:20 | Live Demo – Upper Face: Anatomy & Simulation of Ultrasound Guided Injection Techniques (anatomical structures, filler and toxin techniques) | Didactic Dissection – Upper Face |
| 11:20-12:00 | Hands on Ultrasound – Upper Face (scanning techniques and ultrasound guided injections; identification of layers, vascular structures and muscles) | Hands-on Dissection/Injection – Upper Face |
| 12:00-12:30 | Ultrasound Guided Injections Using Chicken Legs & Echogenic Needles, Q&A | Q&A & Remarks |
| 12:30-13:30 | Lunch (Both Groups Together) | |

Cadaver & Ultrasound

Anatomy Training – Mallorca

Dr. Javier BEUT
M.D. Plastic Surgeon

Dr. Jair Mauricio Cerón Bohórquez
Ultrasound Specialist

Dr Carlos Zito
Aesthetic Doctor

From 13:30, the groups switch:

Group A → Cadaver

Group B → Ultrasound

Part 2
Afternoon Session

13:30-18:00

| Time | Group A: Cadaver | Group B: Ultrasound |
|-------------|--|--|
| 13:30-14:00 | Introduction (Cadaver & Ultrasound Overview) | Introduction, Basics & Device Handling |
| 14:00-14:20 | Didactic Dissection – Lower Face | Live Demo – Lower Face: Anatomy & Simulation of Ultrasound Guided Injection Techniques (anatomical structures, filler and toxin techniques) |
| 14:20-15:00 | Hands on Dissection/Injection – Lower Face | Hands on Ultrasound – Lower Face (scanning techniques, layer identification, vascular structures, muscles) |
| 15:00-15:10 | Break | |
| 15:10-15:30 | Didactic Dissection – Mid Face | Live Demo – Mid Face: Anatomy & Simulation of Ultrasound Guided Injection Techniques (anatomical structures, filler and toxin techniques) |
| 15:30-16:10 | Hands on Dissection/Injection – Mid Face | Hands on Ultrasound – Mid Face (scanning techniques, layer identification, vascular structures, muscles) |
| 16:10-16:20 | Break | |
| 16:20-16:40 | Didactic Dissection – Upper Face | Live Demo – Upper Face: Anatomy & Simulation of Ultrasound Guided Injection Techniques (anatomical structures, filler and toxin techniques) |
| 16:40-17:20 | Hands on Dissection/Injection – Upper Face | Hands on Ultrasound – Upper Face (scanning techniques and ultrasound guided injections; identification of layers, vascular structures and muscles) |
| 17:20-17:50 | Q&A & Remarks | Ultrasound Guided Injections Using Chicken Legs & Echogenic Needles, Q&A |
| 17:50-18:00 | Closing Remarks & Certificate Ceremony (Both Groups) | |
